Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On October 5, 2010, the Compensation Committee of the Board of Directors of CC Media Holdings, Inc., the parent entity of Clear Channel Communications, Inc. (the "Company"), approved a tiered relocation policy (all tiers of the relocation policy are collectively referred to as the "Relocation Policy") that is applicable to the Company and all of its subsidiaries subject to, in the case of the subsidiary Clear Channel Outdoor Holdings, Inc. and its subsidiaries, the approval of the Compensation Committee of Clear Channel Outdoor Holdings, Inc. The Relocation Policy applies only in the case of a Company-requested relocation and provides different levels of benefits based on the employee's organizational level. Set forth below is a summary of the material terms of the benefits provided under the Relocation Policy (subject to applicable eligibility requirements and limitations) tier for the Chief Executive Officer and the officers who report directly to the Chief Executive Officer (the "Chief Executive Officer and Direct Reports") and the tier for other exempt employees who report directly to a corporate function head (the "Function Head Direct Reports"). The Chief Executive Officer and Direct Reports and the Function Head Direct Reports are collectively referred to herein as the "Executive Tiers," and include the Company's named executive officers.

Under the Relocation Policy, the Executive Tiers are reimbursed for most expenses associated with relocating, including moving expenses, temporary housing expenses, closing costs associated with the sale of the executive's existing home and the purchase of a new home in the destination location, as well as other miscellaneous amounts in connection with relocating to the destination location. The Relocation Policy also provides the Executive Tiers with assistance in marketing and selling the executive's existing home through a third-party relocation company whereby such relocation company will buy the existing home at the price of a bona fide offer by an outside buyer and will assume the risk if the sale to the outside buyer is cancelled. If a bona fide offer has not been presented within 90 days of the executive's existing home being listed for sale and the executive is in the Chief Executive Officer and Direct Reports tier, the executive may elect to have the relocation company purchase the home for its appraised value (determined by the average of two independent appraisals). Further, with the approval of the Chief Executive Officer of the Company, the Executive Tiers may receive loss-on-sale protection for any losses on the sale of the executive's existing home after the first 10% of such losses. The Executive Tiers may receive tax gross-up payments for all eligible taxable payments under the Relocation Policy.

Copies of the Relocation Policy applicable to the Executive Tiers are filed herewith as Exhibits 10.1, 10.2 and 10.3 and are incorporated herein by reference.

EXPENSE MANAGEMENT

Expense Management Process

The Company will assist with relocation expenses in the following ways:

- Pay service providers directly for the relocation assistance that you receive.
- Reimburse you for acceptable expenses that you have previously paid.
- Provide a per diem for meals during the home finding trip(s) and final trip.

Eligible expense reimbursements should be submitted through SIRVA's MoveOurHome Web site. Submit your relocation expense report online at www.moveourhome.com. Your Relocation Counselor will provide additional instructions regarding the use of this site.

The following are important factors related to the MoveOurHome Web site:

- After you have submitted your expenses online, print out the On-line Submittal Form.
- Match your actual receipts against it. Receipts (originals) are required for all reimbursable expenses.
- Attach all of the receipts to the On-line Submittal Form and mail it to the address provided on the front page within 30 days of incurring the expense.
- If you wish to expedite payment, you may simultaneously fax copies of your receipts to SIRVA's Client Finance Department.

The On-line Submittal Form will be received by SIRVA's Client Finance Department. After SIRVA receives the form, the expenses will be checked for accuracy and consistency with the Company's Policy. Under no circumstances should relocation expenses be submitted through the normal business expense process. Funds will be deposited directly to an account (through ACH) designated by you unless you notify your SIRVA Relocation Counselor of an alternate deposit process.

The Company understands that everyone may not have access to a computer and the Internet. In this event, while it is not preferable, you may request a SIRVA Relocation Expense Reporting Form from your Relocation Counselor, attach all receipts, and submit for reimbursement via mail.

If at any time you are unsure whether or not an expense is reasonable in nature, appropriate and/or eligible for reimbursement under this Policy, you should contact SIRVA prior to incurring the expense.

Provisions

It is important to remember:

- Relocation expenses must be separate and distinct from business expenses. During the period in which relocation expenses are incurred, regular business (travel and entertainment) must not be reported with relocation expenses. You must submit those expenses through the normal business expense process.
- You must complete the expense process, taking care to include a complete address/location. Omission of this data can slow your reimbursement.
- You cannot use your Company credit card for relocation expenses.
- Credit card statements cannot be used in lieu of receipts.
- You should keep records and receipts of all your expenses, whether they are reimbursable under this Policy or not, as this will assist in the completion of your federal and state tax returns at year-end.

Use of the Company's direct ticket billing, travel system, or expense-reporting system is strictly prohibited for relocation expenses.

Per Diems

Per diems will be provided to assist with daily expenses for meals during the home finding trip, and the final trip to the destination location. The Company will provide a per diem of \$35 per family member age 13 and older and \$15 per family member age 12 and under. To receive monies for per diems, enter each family member's name, the amounts, and the appropriate number of days when submitting for expenses. Receipts do not need to be submitted when per diems are provided.

"In the event the renter is transferred, or decides to purchase or build a home during the term of this lease, this lease may be terminated upon thirty (30) days written notice to landlord with no penalty to renter. Renter will provide a copy of the employer's relocation authorization."

Reimbursable Lease Acquisition Fees

The Company will reimburse lease acquisition fees (i.e., application fees and credit check fees) up to a maximum of \$300, when you secure a new lease if it is a customary charge for the area.

The Company will reimburse lease cancellation penalty fees up to a maximum amount equal to two months' rent if you rented your primary residence at the departure location and a lease cancellation charge is unavoidable. No reimbursement will be made for forfeiture of a lease deposit as a result of negligence by you or for penalties arising from damage repair, painting, or cleaning costs.

In cases where you share an apartment with someone other than a spouse/domestic partner, the fee will be reimbursed on a prorated basis. Your name must be on the lease in order to be eligible for reimbursement.

You should not discuss the Company's lease cancellation reimbursement policy with the landlord.

Reimbursement Process

To receive reimbursement, the following are required:

- Documentation from your landlord detailing charges due to obtaining the new lease.
- Copy of the lease and/or a letter, receipts and/or cleared checks, from your landlord detailing the terms and conditions of early termination of your lease.
- Verification of rental amount (from copy of old lease or letter from landlord).
- Documentation stating when the 30-day notice for breaking the lease was given (your letter to landlord).

HOME FINDING ASSISTANCE

Benefit Description	<p>SIRVA specializes in helping you locate the right home in the right neighborhood quickly and easily. To assist the Company in controlling relocation costs, you must allow SIRVA to make the first contact with the real estate agent(s) in the destination location. SIRVA only recommends knowledgeable agents with a proven track record of successfully finding homes. If you have a real estate agent you would like to recommend, it is important that you do not contact the agent. Instead, let your Relocation Counselor know who the agent is and where he/she can be reached. Your Relocation Counselor will then contact the agent to obtain his/her credentials and, if qualifications are acceptable, will select that agent to assist you in searching for a new home.</p> <p>You, members of your immediate family or other Company employees may not directly or indirectly benefit financially from the fees that the Company pays for services or other costs related to your relocation. It is for that reason that the Company will not reimburse you, an immediate family member, another relative, or another Company employee (or his/her spouse/domestic partner) for any fees for services performed as a real estate agent or broker for the purchase of your new primary residence.</p>

This will help you determine the best price for the property and eliminate purchasing an overpriced home.▪ Assisting with negotiations—it can be very helpful to have the opinion of an uninvolved specialist when you are negotiating the purchase price of a new home.▪ Reviewing the purchase agreement (contract). The Relocation Counselor will be available to look over the purchase agreement to help determine if it is written in your best interest.▪ Encouraging you to be pre-qualified with a lender. In many markets, sellers are requiring buyers to be pre-qualified at the time the offer to purchase is made. The Company has made lender arrangements through SIRVA Mortgage.

Lender Other Than SIRVA Mortgage	<p>If you choose not to participate in the no closing cost loan program, you will receive reimbursement of normal and customary non-recurring closing costs, and these costs will be grossed up. In order to receive reimbursement, you must include appropriate documentation (e.g., a copy of the final signed settlement statement).</p>
Normal and Customary Non-Recurring Closing Costs	<p>Typically, the following items are considered to be normal and customary non-recurring closing costs:</p> <ul style="list-style-type: none">▪ A loan origination charge which includes a loan origination fee up to one percent of the mortgage amount and lender fees (application fees, underwriting fee, processing fee, etc. , capped at \$525)▪ Normal and customary title services fee.▪ Normal and customary escrow or closing fees charged by the title company and/or lender to close the sale. New Construction	<p>In some areas, it is customary for buyers to incur closing expenses in connection with a building or construction loan. These costs will not be reimbursed. You may obtain a no closing cost mortgage after the completion of your home as end-loan financing. HOME MARKETING AND HOME SALE ASSISTANCE

Confidential information—absolutely may not be distributed or used without the prior written consent of SIRVA Relocation LLC.

Benefit Description

One of SIRVA's most important roles is to help you sell your home to an outside buyer at the best possible price in the limited time available to you. If an outside buyer is not found in the allotted time, and your home qualifies, SIRVA will issue you a Guaranteed Purchase Offer (GPO), based on the average of two independent appraisals. This process, if followed accurately, provides the most favorable tax treatment to both you and the Company. The steps that will occur are different from a typical real estate transaction. Your Relocation Counselor will explain the process and provide all necessary information regarding the home sale program and will be your advocate throughout your move.

Qualifications for the Program

To qualify for Home Sale Assistance, your name must appear in the title to the property and it must be your principal residence at the time of the transfer. In addition:

- The program procedures outlined by this Policy and SIRVA must be followed.
- You must warrant that you own and occupy the residence and that it is classified as a single-family residence, condominium, or townhouse with no adverse conditions that will prevent its marketability.

This benefit requires the approval of the Company's CEO.

Ineligible Properties

The following kinds of properties *do not* qualify for Home Sale Assistance:

- Houseboats
- Income producing properties (other than two family duplexes owned by the employee, one unit of which is occupied by the employee)

If any inspection discloses a significant problem, SIRVA reserves the right to exclude the home from the Home Sale Assistance program. In such event, you may be eligible for direct reimbursement of certain home selling expenses.

Real Estate Agent Selection and Market Analysis	<p>Your Relocation Counselor will select two real estate agents who have a documented record of successfully selling homes in the immediate neighborhood and within the general price range of your home. These real estate agents will independently inspect your home and complete a Broker's Market Analysis (BMA) to establish the Most Probable (likely) Sales Price.</p> <p>You, members of your immediate family or other Company employees may not directly or indirectly benefit financially from the fees that the Company pays for services or other costs related to your relocation. It is for that reason that the Company will not reimburse you, an immediate family member or other relative, or another Company employee (or his/her spouse/domestic partner) for any fees for services performed as a real estate agent or broker for the sale of your primary residence.</p> <p>If you have a real estate agent you would like to recommend, it is important that you do not contact that agent. Instead, let your Relocation Counselor know who the agent is and where the agent can be reached. Your Relocation Counselor will then contact the agent to obtain their credentials and, if qualifications are acceptable, will select that agent as one of the agents to prepare and present a marketing plan.</p> <p>The brokers will send the completed BMAs to the Relocation Counselor who will review the results for thoroughness, accuracy, and logic of conclusions. Once the Relocation Counselor approves of the BMAs, the Most Probable (likely) Sales Price listed on the BMAs are averaged together and the home will be listed at no more than 105 percent of this average. If the Most Probable (likely) Sales Prices are not within five percent, a third analysis will be ordered. The two closest Most Probable (likely) Sales Prices will be averaged together and the home will be listed at no more than 105 percent of this average. The Relocation Counselor will then review the results with you, at which time you and SIRVA shall agree to proceed with the Option to Purchase and Put Agreement.</p>
Option to Purchase and Put Agreement	<p>You will enter into an Option to Purchase and Put Agreement with SIRVA instead of listing your home in your name. This agreement enables SIRVA to list the property in SIRVA's name, facilitate the move, and defray many relocation costs. SIRVA will pay you a small monetary consideration as determined by SIRVA ("option payment"), for your signing the Option to Purchase and Put Agreement. Upon the sale of the home to SIRVA, the option payment will be credited to the purchase price. The option will last for six months and is renewable at the end of that period of time with your consent. During this option period, SIRVA will expose the home to the marketplace. Typically, SIRVA will list the home with a real estate agent who will, through exposure to the public, determine what a buyer will pay at arm's length for the home. The Option to Purchase and Put Agreement must be executed and returned to SIRVA prior to proceeding with the program.</p>
Seller's Disclosure Statements and Title Report	<p>You will be responsible for complying with all federal, state and local disclosure requirements associated with the sale of your home. This includes the completion of all real estate disclosure forms that may be required. Along with the Option to Purchase and Put Agreement, you will be given a SIRVA Seller's Disclosure Statement for execution. This document must be executed prior to proceeding with the program.</p> <p>Additionally, SIRVA will order a title report on the home and advise you of the results. In the event the title report indicates a cloud on title, you will be responsible for properly clearing title before selling the home to SIRVA. SIRVA may be able to assist you in clearing clouds on title. A cloud on title is defined as any outstanding claim, lien, encumbrance, document or condition usually revealed by a title search which impairs the title and the marketability of a property.</p>
Listing the Property	<p>The choice of the listing agent and the price at which the home is listed are subjects that the Relocation Counselor will discuss with you. Although SIRVA will list the home for sale (if that is mutually desired), the Relocation Counselor will make sure that your input is greatly considered with regard to the agent and the list price. The home will be listed at a price not to exceed 105 percent of the average of the Most Probable (likely) Sales Prices as determined from the Broker Market Analyses.</p> <p>Setting a proper and realistic list price is crucial to the success of selling a home in a reasonable period of time and for the highest possible price. The determination of the initial list price is based on a number of factors such as location, competition, the condition of the property, and the time of year the home is listed. Over-listing a home only benefits the competition, generally extends the marketing time of the property, and may result in a lower final sales price than if the property had been marketed more realistically from the start.</p>
Marketing Strategy	<p>Your Relocation Counselor will discuss the best strategy for marketing the home, suggesting any repairs, maintenance, and/or decorating that you may want to do to maximize the home's value and expedite the marketing process. The Company will not reimburse these costs.</p>
Exposure of the Home to the Marketplace	<p>SIRVA will be responsible for marketing the home by listing the home with a real estate agent. Your Relocation Counselor will monitor all sales activity on the property to ensure that all of the best marketing procedures are being used for maximum exposure to the marketplace. Your Relocation Counselor and the real estate agent will keep you informed of all activity and feedback on the house during the marketing process.</p>
Offer to Purchase	<p>At the point that SIRVA believes it has established fair market value through a market offer, your Relocation Counselor will notify you of the amount of the offer. If you agree that the amount constitutes fair market value, SIRVA will exercise its Option to Purchase at that amount. You may decide that the amount being offered is not sufficient for fair market value. In that event, SIRVA will continue to expose the home to the marketplace in order to determine whether there is a more accurate definition of fair market value.</p> <p>If a bona fide outside offer is made that is within 95 percent of the GPO, you will be required to allow SIRVA to accept that offer, however you will be provided 100 percent of the GPO. If you refuse an offer at or above 97 percent, the Put would no longer be in effect.</p>
Closing the Sale	<p>If after all contingencies of the sale of your home to SIRVA have been met and the property remains eligible for the relocation program, and the sale of the home to the outside buyer falls through, the Contract of Sale between you and SIRVA will still be honored.</p> <p>Once SIRVA has exercised the Option to Purchase, a closing will be scheduled with you. You will be responsible for all costs and risks associated with the home up to and including the date of closing with SIRVA. These include but are not limited to: pro-rations for taxes, interest on the mortgage, utilities, homeowner's insurance, agreed upon repairs required from any inspections, and any other costs associated with the ownership of the home. After the date of the closing, SIRVA will be responsible for all of those items regarding the home.</p> <p>At the closing between SIRVA and you, SIRVA will provide a Promissory Note for the amount of equity due to you as set forth in the Contract of Sale. You will receive the final net proceeds (the equity) in the property within approximately 10 business days from the date of the Promissory Note. Net proceeds are defined as the sales price of the home minus liens, mortgages, appropriate pro-rations, and less any equity advance you've already received. As provided in the Contract of Sale, there are no real estate commissions or other standard closing costs that will be deducted from the proceeds.</p> <p>You are responsible for disclosing all known conditions and defects of the property. If you fail to disclose, you may be responsible for all costs incurred by SIRVA as a result of the non-disclosure.</p> <p>IMPORTANT NOTE: At the closing with you, SIRVA does not actually take title to your home or pay off your mortgage. Instead, SIRVA takes full responsibility for making your mortgage payments, and ultimately paying off the mortgage when a sale between SIRVA and an outside buyer closes. Until a sale between SIRVA and an outside buyer closes, the title and mortgage remain in your name and will continue to appear on your credit report. SIRVA assumes all responsibility for the care and maintenance of the home once you close with SIRVA under the provisions of the Home Sale Assistance program. SIRVA will assist you if any questions should arise in regard to this process.</p>

Guaranteed Purchase Offer (GPO)	<p>If an outside buyer has not been found by day 60 of exposing the home to the marketplace, and SIRVA has not exercised its Option to Purchase, SIRVA will order two independent ERC (Employee Relocation Council) appraisals. The appraisal values must be within five percent of each other, or a third ERC appraisal will be ordered by SIRVA. You will be advised of the GPO amount (average of the two values as determined by the appraisers—if three appraisals were ordered the two closest values will be averaged) and any inspection or other contingencies. You will be required to adjust your list price to be within 105 percent of the GPO value once it is determined.</p> <p>Once you have exposed the home to the marketplace for a total of 90 days, assuming the appraisal values have been delivered and all inspection issues have been resolved, you may then elect to have SIRVA purchase the home within a 60-day offer and acceptance period, which begins on the date the offer was extended to you. If you choose to accept the GPO, you must vacate the property within 10 days of your acceptance, and no later than the expiration of the 60-day offer and acceptance period. If you elect not to sell the home to SIRVA within the 60-day offer and acceptance period, you waive all rights to the GPO benefits outlined in this program.</p> <p>Upon closing with SIRVA, your mortgage payment(s) and taxes due after your close date will become the responsibility of SIRVA. The title and mortgage(s) will remain in your name until SIRVA sells the property to an outside buyer and the deal closes. SIRVA will also take over all utility and property maintenance payments as of your closing date.</p> <p>When SIRVA purchases your home from you, the mortgage with your lender is not immediately paid off. SIRVA, as the contractual purchaser of the property, will take ownership of the property subject to any existing mortgage. SIRVA is fully responsible for the mortgage payments and the subsequent payoff of the mortgage(s) as part of the consideration paid to you for the purchase of the property. The mortgage payoff will occur upon closing of the resale of the property to an outside buyer.</p> <p>If the mortgage company submits funds to you that were previously paid by SIRVA (i.e. escrow payments or additional interest payments), you must immediately return the funds to SIRVA or they will revert to a loan, requiring interest and a payroll deduction.</p>
Inspections	<p>When the appraisals are ordered, SIRVA will also order and pay for inspections on your home. The inspections may include but are not limited to, a general home, pest, well and septic. If any additional inspections such as EIFS, structural, hardboard siding, etc. are required as a result of the general inspection or SIRVA's due diligence, you may be responsible for those inspection costs. SIRVA follows the Worldwide Employee Relocation Council's (ERC) Statement of Use: Relocation Property Assessment that identifies structural, safety and inoperable items, regardless of local/state codes. All final reports must be satisfactory. You will be solely responsible for rectifying or repairing any adverse items that appear in any inspections obtained prior to closing with SIRVA.</p>
Equity Advance	<p>In the event you require a portion of your equity for a down payment or closing on your new home, provided you will close your home through SIRVA's home sale assistance program, SIRVA will advance up to a maximum of 80 percent of your estimated equity based on the bona fide outside offer or the GPO less the following:</p> <ul style="list-style-type: none"> ▪ Any estimated unpaid balances on all mortgages, equity lines of credit, liens, assessments, or other encumbrances. ▪ One-year's property taxes. ▪ One month's mortgage payment for each mortgage or equity line. <p>Contact your Relocation Counselor to request an advance. SIRVA will send you a Promissory Note stating the amount advanced. The Promissory Note must be signed by you and all owners of record and returned to SIRVA prior to advancing any funds. The advance is non-interest bearing prior to its due date. The amount advanced will be repaid to SIRVA as a deduction from your final equity payment. Equity advances generally require 7-14 days to process. The Promissory Note amount must be paid back in the event the relocation is not completed. All equity advance(s) must be repaid/reconciled within six months of being issued.</p>
Vacating the Property	<p>In the event you are unable to vacate the property at the time of closing with SIRVA, the home may be leased back to you during the approximate three day period prior to closing with an outside buyer, at a minimum per diem of \$50. A \$500 security deposit will be withheld from the net proceeds and will be returned after SIRVA inspects the home following the vacate date. Under the lease, you would be responsible for utilities, general maintenance and insurance on household goods through the date of vacating and/or transfer of possession to SIRVA. Your Relocation Counselor will provide instructions for transferring utilities, keys, etc.</p>
Obligations in the Contract of Sale with SIRVA	<p>Your obligation to SIRVA with regard to the condition of the home at closing will be similar to that which would occur in the sale to any other buyer. In fact, in the event that SIRVA sells the property and incurs any expenses, costs, or liabilities with regard to a condition of the property that existed at the date of the closing with SIRVA, you may be held responsible for those items.</p>
Bona Fide Offer Definition	<p>A bona fide offer generally includes the following requirements:</p> <ul style="list-style-type: none"> ▪ The purchase price represents fair market value at the time of closing. ▪ The buyer is financially qualified and capable of purchasing the property utilizing common and ordinary terms, conditions, and contingencies (which may not include a contingency for the sale of the buyer's property) and which will be contingent on favorable results of inspections, if any, and the closing date cannot be beyond 60 days. ▪ The property satisfies generally accepted and applicable industry criteria for a mortgage loan at standard market rates as determined by a reputable institutional lender (e.g. a bank, savings bank or mortgage company authorized to conduct business in the area). Generally accepted and applicable industry criteria for mortgage loans shall include loans eligible for repurchase under guidelines established by organizations such as "Fannie Mae" and "Freddie Mac." The availability of financing by a particular lender such as a local portfolio lender or other non standard lending arrangement does not constitute generally accepted and applicable industry criteria for a mortgage loan.
Home Sale Assistance through SIRVA Tax Impact	<p>If you sell your home through SIRVA's Home Sale Assistance program, expenses incurred are not considered additional compensation to you; therefore tax assistance (gross-up) is not applicable.</p>

When your goods arrive, you or a responsible family member must be present to check off every item brought into your home.

Damaged Goods

If you discover any damage to your goods, set the damaged goods and container aside and immediately notify your Relocation Counselor for directions on how to file a claim. The moving company will provide you with the proper claim forms and procedures. Cost consideration is not given for sentimental value you may have for your item(s).

Storage In-Transit

If you must vacate your previous residence before you have procured permanent housing at the new location, the Company will pay for storage costs of household goods for up to 60 days. Storage costs are figured on a daily basis.

Although storage is provided, the Company recommends that you attempt to coordinate the shipment to be transported directly from your old home to your new home to avoid excessive handling of your household goods. The Company does not cover the cost of accessing items that have been placed in storage.

Your mover will designate an agent to arrange storage of your goods. Make sure you obtain the name, address, and telephone number of the warehouse where your goods will be stored.

The costs of damage to your goods due to acts of nature (hurricanes, tornados, etc.) are not covered.

The automobiles must be in working order and their value must exceed the cost of shipping. Insurance coverage will be provided on your automobiles. MISCELLANEOUS EXPENSES

Benefit Description

The relocation process may create expenses for you not specifically covered by some other provision of this Policy, or create a need for additional monetary assistance for a current benefit provided. TAX LIABILITY ASSISTANCE

Benefit Description

The Internal Revenue Service (IRS) considers all relocation reimbursements made by the Company to you or on your behalf, "compensation for services" and will be taxable income to you. If the IRS "criteria" for moving has been met, the cost for the shipment of household goods, storage-in-transit for up to 30 days, and travel to the new location (excluding meals and mileage over the IRS excludable rate) will be considered "moving expenses" and therefore excludable from your W2 income. Taxable relocation reimbursements or payments made on your behalf will be included in your income for the year in which the payment was made or recorded. Therefore, if some of your expenses carry over into the following year, those expenses will be included in your W2 income the following year. Generally, reimbursements processed in December will be recorded in the following calendar year due to reporting timing restraints. You are solely responsible for maintaining all records and receipts necessary to claim allowable federal (and where applicable, state and local) income tax deductions.

Internal Revenue Service Regulations

The Revenue Reconciliation Act of 1993 resulted in a number of changes in how moving expenses are to be treated and which of those expenses will continue to be tax deductible. To begin with, the following criteria must be met:

- The commute from your departure residence to the new work place must be at least 50 miles farther than the commute from your departure residence to the old place of work by the shortest, most commonly traveled route.
- You must be employed full time for 39 weeks. The 39 weeks must occur during a 12-month period that begins when you arrive at the new location. This requirement is waived in case of death, disability, involuntary termination or retransfer at the Company's request.
- Except for some circumstances that involve your ability to move your family to the new location, the requirement calls for expenses to be incurred within one year of arrival in the general area of the new job location.
- Any expense that you incur must be "reasonable" in nature to be deductible. Expenses that are excessive will not be deductible.
- The move itself must be related to either continuing work at a new job location or starting a new job at a new location.

Definition of Moving Expenses

After the above criteria have been met, the IRS recognizes the following as "moving expenses."

- Costs related to the movement of household goods and personal effects from the former residence to the new residence.
- The cost of transportation (mileage is limited to the current IRS rate) and lodging for you and your family during the final move from the former residence to the new residence.

Payment of these "moving expenses," either directly or through reimbursement from the Company, will be excluded from your reported income.

Other moving expenses that are either reimbursed or paid directly by the Company will be reported as taxable income. These expenses may include such items as:

- Reimbursement for meals, lodging, transportation and other expenses that occur while house hunting, traveling, or residing in temporary housing.
- Reimbursement or direct payment by the Company for expenses relating to the purchase of a new residence.
- Reimbursement for expenses relating to the sale of the departure residence when you do not accept or were not eligible for the Home Sale Assistance program.
- The payment of charges that are by law or custom the responsibility of the Seller (such as a transfer tax) even when such charges are paid as part of the home sale program (check with your personal tax advisor).

Tax Gross-up

Unless otherwise indicated in this policy, the Company will pay the estimated federal, state, local and FICA tax liability (gross-up) that arises from the taxable, but generally not deductible, portion of Company-reimbursed expenses associated with a Company-requested relocation. Taxable expenses which are generally deductible, such as the loan origination charge/discount point on a new home loan, will be subject to only a FICA gross-up and, where appropriate, a state income tax gross-up. The estimated tax liability (including tax on the tax, or full gross-up) will take into consideration your marital status, number of dependents, and your Company earned income (annual salary).

The amount of tax gross-up will be remitted by the Company directly to the appropriate revenue agency and reported as withheld taxes on your W-2 Wage and Tax Statement.

The determination of whether an item is or is not deductible by you on your individual income tax return is a personal decision you must make. The way that an item is treated by the Company for purposes of income tax withholding does not constitute tax advice and you should consult a personal tax advisor.

Note: Taxable expenses are those that are considered taxable income and therefore included in your income and subject to Federal, State, FICA, Medicare and Local taxes. Deductible expenses are those that are included in your taxable income for which you are entitled to claim a federal or state tax deduction. Excludable expenses are those moving expenses or reimbursements that the IRS considers non-taxable. These amounts are not included in your taxable income.

Section 409A of the Internal Revenue Code of 1986

To the extent any reimbursements or in-kind benefits under this Policy constitute "non-qualified deferred compensation" for purposes of Section 409A of the Internal Revenue Code of 1986, as amended, (i) all such expenses or other reimbursements under this Policy shall be made on or prior to the last day of the taxable year following the taxable year in which such expenses were incurred by you, (ii) any right to reimbursement or in-kind benefits is not subject to liquidation or exchange for another benefit, and (iii) no such reimbursement, expenses eligible for reimbursement or in-kind benefits provided in any taxable year shall in any way affect the expenses eligible for reimbursement, or in-kind benefits to be provided, in any other taxable year.

Gross-Up Table

The chart below indicates which relocation expenses are excludable from your W2 income if IRS criteria are met. If the expense is taxable and therefore will appear as income on your W2, the chart indicates if the Company will provide tax assistance (gross-up) on the expense.

EXPENSE MANAGEMENT

Expense Management Process

The Company will assist with relocation expenses in the following ways:

- Pay service providers directly for the relocation assistance that you receive.
- Reimburse you for acceptable expenses that you have previously paid.
- Provide a per diem for meals during the home finding trip(s) and final trip.

Eligible expense reimbursements should be submitted through SIRVA's MoveOurHome Web site. Submit your relocation expense report online at www.moveourhome.com. Your Relocation Counselor will provide additional instructions regarding the use of this site.

The following are important factors related to the MoveOurHome Web site:

- After you have submitted your expenses online, print out the On-line Submittal Form.
- Match your actual receipts against it. Receipts (originals) are required for all reimbursable expenses.
- Attach all of the receipts to the On-line Submittal Form and mail it to the address provided on the front page within 30 days of incurring the expense.
- If you wish to expedite payment, you may simultaneously fax copies of your receipts to SIRVA's Client Finance Department.

The On-line Submittal Form will be received by SIRVA's Client Finance Department. After SIRVA receives the form, the expenses will be checked for accuracy and consistency with the Company's Policy. Under no circumstances should relocation expenses be submitted through the normal business expense process. Funds will be deposited directly to an account (through ACH) designated by you unless you notify your SIRVA Relocation Counselor of an alternate deposit process.

The Company understands that everyone may not have access to a computer and the Internet. In this event, while it is not preferable, you may request a SIRVA Relocation Expense Reporting Form from your Relocation Counselor, attach all receipts, and submit for reimbursement via mail.

If at any time you are unsure whether or not an expense is reasonable in nature, appropriate and/or eligible for reimbursement under this Policy, you should contact SIRVA prior to incurring the expense.

Provisions

It is important to remember:

- Relocation expenses must be separate and distinct from business expenses. During the period in which relocation expenses are incurred, regular business (travel and entertainment) must not be reported with relocation expenses. You must submit those expenses through the normal business expense process.
- You must complete the expense process, taking care to include a complete address/location. Omission of this data can slow your reimbursement.
- You cannot use your Company credit card for relocation expenses.
- Credit card statements cannot be used in lieu of receipts.
- You should keep records and receipts of all your expenses, whether they are reimbursable under this Policy or not, as this will assist in the completion of your federal and state tax returns at year-end.

Use of the Company's direct ticket billing, travel system, or expense-reporting system is strictly prohibited for relocation expenses.

Per Diems

Per diems will be provided to assist with daily expenses for meals during the home finding trip, and the final trip to the destination location. The Company will provide a per diem of \$35 per family member age 13 and older and \$15 per family member age 12 and under. To receive monies for per diems, enter each family member's name, the amounts, and the appropriate number of days when submitting for expenses. Receipts do not need to be submitted when per diems are provided.

Securing a New Lease

"In the event the renter is transferred, or decides to purchase or build a home during the term of this lease, this lease may be terminated upon thirty (30) days written notice to landlord with no penalty to renter. Renter will provide a copy of the employer's relocation authorization."

Reimbursable Lease Acquisition Fees

The Company will reimburse lease acquisition fees (i.e., application fees and credit check fees) up to a maximum of \$300, when you secure a new lease if it is a customary charge for the area.

Reimbursable Lease Cancellation Fees

The Company will reimburse lease cancellation penalty fees up to a maximum amount equal to two months' rent if you rented your primary residence at the departure location and a lease cancellation charge is unavoidable. No reimbursement will be made for forfeiture of a lease deposit as a result of negligence by you or for penalties arising from damage repair, painting, or cleaning costs.

In cases where you share an apartment with someone other than a spouse/domestic partner, the fee will be reimbursed on a prorated basis. Your name must be on the lease in order to be eligible for reimbursement.

You should not discuss the Company's lease cancellation reimbursement policy with the landlord.

Reimbursement Process

To receive reimbursement, the following are required:

- Documentation from your landlord detailing charges due to obtaining the new lease.
- Copy of the lease and/or a letter, receipts and/or cleared checks, from your landlord detailing the terms and conditions of early termination of your lease.
- Verification of rental amount (from copy of old lease or letter from landlord).
- Documentation stating when the 30-day notice for breaking the lease was given (your letter to landlord).

This will help you determine the best price for the property and eliminate purchasing an overpriced home.▪ Assisting with negotiations—it can be very helpful to have the opinion of an uninvolved specialist when you are negotiating the purchase price of a new home.▪ Reviewing the purchase agreement (contract). The Relocation Counselor will be available to look over the purchase agreement to help determine if it is written in your best interest.▪ Encouraging you to be pre-qualified with a lender. Policy requirements include that:</p> <ul style="list-style-type: none">▪ You must be a homeowner in the departure location and sell your home through SIRVA's Home Sale Assistance program.▪ The residence purchased must be the permanent residence of you and your family.▪ The home purchased cannot be a mobile home or boat.▪ You must be responsible for recurring costs such as prepaid interest, real estate taxes, and private mortgage insurance (PMI).
Lender Other Than SIRVA Mortgage	<p>If you choose not to participate in the no closing cost loan program, you will receive reimbursement of normal and customary non-recurring closing costs, and these costs will be grossed up. In order to receive reimbursement, you must include appropriate documentation (e.g., a copy of the final signed settlement statement).</p>
Normal and Customary Non-Recurring Closing Costs	<p>Typically, the following items are considered to be normal and customary non-recurring closing costs:</p> <ul style="list-style-type: none">▪ A loan origination charge which includes a loan origination fee up to one percent of the mortgage amount and lender fees (application fees, underwriting fee, processing fee, etc. , capped at \$525)▪ Normal and customary title services fee.▪ Normal and customary escrow or closing fees charged by the title company and/or lender to close the sale. New Construction	<p>In some areas, it is customary for buyers to incur closing expenses in connection with a building or construction loan. These costs will not be reimbursed. You may obtain a no closing cost mortgage after the completion of your home as end-loan financing. End-loan financing is the final mortgage loan to the ultimate purchaser of a property, as opposed to a construction loan or other form of interim financing. The transaction must be completed within one-year of your transfer or start date.</p>
Reimbursement Process	<p>If you participate in the no closing cost loan program, reimbursement of closing costs is not applicable. If you have chosen to find a lender on your own, reimbursable home purchase costs accompanied by appropriate documentation (copy of the signed HUD-1 Settlement Statement) must be submitted through SIRVA's MoveOurHome Web site.</p>

The Company will provide tax assistance (gross-up), however in most states, full gross-up is not necessary for loan origination charge/discount point reimbursement as the sum is subject only to FICA taxes. Confidential information—absolutely may not be distributed or used without the prior written consent of SIRVA Relocation LLC.

Benefit Description

The Home Sale Assistance program is designed to provide professional assistance to secure a sale on your home in the shortest period of time, at a fair market value, and with the least amount of inconvenience. In addition, the process provides the most favorable tax treatment to both you and the Company. The steps that will occur are different from a typical real estate transaction. Your Relocation Counselor will explain the process and provide all necessary information regarding the home sale program and will be your advocate throughout your move.

If any inspection discloses a significant problem, SIRVA reserves the right to exclude the home from the Home Sale Assistance program. In such event, you may be eligible for direct reimbursement of certain home selling expenses.

Real Estate Agent Selection and Market Analysis	<p>The Relocation Counselor will select two real estate agents who have a documented record of successfully selling homes in the immediate neighborhood and within the general price range of the home. These real estate agents will independently inspect the home and complete a Broker's Market Analysis (BMA) to establish the Most Probable (likely) Sales Price.</p> <p>You, members of your immediate family or other Company employees may not directly or indirectly benefit financially from the fees that the Company pays for services or other costs related to your relocation. It is for that reason that the Company will not reimburse you, an immediate family member, another relative of the employee, or another Company employee (or his/her spouse/domestic partner) for any fees for services performed as a real estate agent or broker for the sale of your primary residence.</p> <p>If you have a real estate agent you would like to recommend, it is important that you do not contact that agent. Instead, let the Relocation Counselor know who the agent is and where the agent can be reached. The Relocation Counselor will then contact the agent to obtain their credentials and, if qualifications are acceptable, will select that agent as one of the agents to prepare and present a marketing plan.</p> <p>The brokers will send the completed BMAs to the Relocation Counselor who will review the results for thoroughness, accuracy, and logic of conclusions. Once the Relocation Counselor approves of the BMAs, the Most Probable (likely) Sales Prices listed on the BMAs are averaged together and the home will be listed at no more than 105 percent of this average. If the Most Probable (likely) Sales Prices are not within five percent, a third analysis will be ordered. The two closest Most Probable (likely) Sales Prices will be averaged together and the home will be listed at no more than 105 percent of this average. The Relocation Counselor will then review the results with you, at which time you and SIRVA shall agree to proceed with the Option to Purchase.</p>
Option to Purchase	<p>You will enter into an Option to Purchase with SIRVA instead of listing your home under your name. This agreement enables SIRVA to list the property in SIRVA's name, facilitate the move and defray many relocation costs. Once the property is listed for sale, SIRVA will pay you a small monetary consideration as determined by SIRVA ("option payment") for your signing the Option to Purchase. Upon the sale of the home to SIRVA, the option payment will be credited to the purchase price. The option will last for six months and is renewable at the end of that period of time with your consent. During this option period SIRVA will expose the home to the marketplace. Most typically, the home will be listed with a real estate agent by SIRVA who will, through exposure to the public, determine what a buyer will pay at arm's length for the home. The Option to Purchase must be executed and returned to SIRVA prior to proceeding with the program.</p>
Seller's Disclosure Statement and Title Report	<p>You will be responsible for complying with all federal, state and local disclosure requirements associated with the sale of your home. This includes the completion of all real estate disclosure forms that may be required. Along with the Option to Purchase, you will be given a SIRVA Seller's Disclosure Statement for execution. This document must be executed prior to proceeding with the program.</p> <p>Additionally, SIRVA will order a title report on the home and advise you of the results. In the event the title report indicates a cloud on title, you will be responsible for properly clearing title before selling the home to SIRVA. SIRVA may be able to assist you in clearing clouds on title. A cloud on title is defined as any outstanding claim, lien, encumbrance, document or condition usually revealed by a title search which impairs the title and the marketability of a property.</p>
Listing the Property	<p>The choice of the listing agent and the price at which the home is listed are subjects that the Relocation Counselor will discuss with you. Although SIRVA will list the home for sale (if that is mutually desired) your input with regard to the agent and the list price will be given great consideration by the Relocation Counselor. The home will be listed at a price not to exceed 105 percent of the average of the Most Probable (likely) Sales Prices as determined from the Broker Market Analyses.</p> <p>Setting a proper and realistic list price is crucial to the success of selling a home in a reasonable period of time and for the highest possible price. The determination of the initial list price is based on a number of factors such as location, competition, the condition of the property, and the time of year the home is listed. Over-listing a home only benefits the competition, generally extends the marketing time of the property, and may result in a lower final sales price than if the property had been marketed more realistically from the start.</p>
Marketing Strategy	<p>Your Relocation Counselor will discuss the best strategy for marketing the home, suggesting any repairs, maintenance, and/or decorating that you may want to do to maximize the home's value and expedite the marketing process. The Company will not reimburse these costs.</p>
Exposure of the Home to the Marketplace	<p>SIRVA will be responsible for marketing the home, generally by listing the home with a real estate agent. Your Relocation Counselor will monitor all sales activity on the property to ensure that all of the best marketing procedures are being used for maximum exposure to the marketplace. Your Relocation Counselor and the real estate agent will keep you informed of all activity and feedback on the house during the marketing process.</p>
Inspections	<p>In general, SIRVA does not order nor pay for inspections on your home although inspections may be ordered and paid by an outside buyer to assist in determining if he/she should purchase your home. If there is a reason to believe inspections are necessary on your home in order to determine if the home is eligible for the home sale program, SIRVA will order and pay for inspections including but not limited to, a general home, pest, and well and septic, if applicable. If any additional inspections such as EIFS, structural, hardboard siding, etc. are required as a result of the general inspection or SIRVA's due diligence, you may be responsible for those inspection costs. SIRVA follows the Worldwide Employee Relocation Council's (ERC) Statement of Use: Relocation Property Assessment that identify structural, safety and inoperable items, regardless of local/state codes. All final reports must be satisfactory.</p> <p>You will be solely responsible for rectifying or repairing any adverse items that appear in any inspections obtained prior to closing with SIRVA. Your Relocation Counselor will discuss with you all aspects so you can make an informed decision.</p>
Offer to Purchase	<p>At the point that SIRVA believes it has established fair market value based on a bona fide outside offer, the Relocation Counselor will notify you of the amount of the offer. If you agree that the amount constitutes fair market value, SIRVA will exercise its Option to Purchase at that amount. You may decide that the amount being offered is not sufficient for fair market value. In that event, SIRVA will continue the exposure of the home to the marketplace in order to determine whether there is a more accurate definition of fair market value.</p>
Closing the Sale	<p>Once SIRVA has exercised the Option to Purchase, a closing will be scheduled with you approximately three days prior to closing with the outside buyer. You will be responsible for all costs and risks associated with the home up to and including the date of closing with SIRVA. These include but are not limited to: prorations for taxes, interest on the mortgage, utilities, homeowner's insurance, agreed upon repairs required from any inspections, and any other costs associated with the ownership of the home. After the date of the closing, SIRVA will be responsible for all of those items regarding the home.</p> <p>If after all contingencies of the sale of your home to SIRVA have been met and the property remains eligible for the relocation program, and the sale of the home to the outside buyer falls through, the Contract of Sale between you and SIRVA will still be honored.</p> <p>At the closing between SIRVA and you, SIRVA will provide a Promissory Note for the amount of equity due to you as set forth in the Contract of Sale. You will receive the final net proceeds (the equity) in the property within approximately 10 business days from the date of the Promissory Note. Net proceeds are defined as the sales price of the home minus liens, mortgages, appropriate pro-rations, and less any equity advance already received by you. As provided in the Contract of Sale, there are no real estate commissions or other standard closing costs that will be deducted from the proceeds.</p> <p>If the mortgage company submits funds to you that were previously paid by SIRVA (i.e. escrow payments or additional interest payments), you must immediately return the funds to SIRVA or they will revert to a loan, requiring interest and a payroll deduction.</p> <p>You are responsible for disclosing all known conditions and defects of the property. If you fail to disclose, you may be responsible for all costs incurred by SIRVA as a result of the non-disclosure.</p> <p>IMPORTANT NOTE: At the closing with you, SIRVA does not actually take title to your home or pay off your mortgage. Instead, SIRVA takes full responsibility for making your mortgage payments, and ultimately paying off the mortgage when a sale between SIRVA and an outside buyer closes. Until a sale</p>

between SIRVA and an outside buyer closes, the title and mortgage remain in your name and will continue to appear on your credit report. SIRVA assumes all responsibility for the care and maintenance of the home once you close with SIRVA under the provisions of the Home Sale Assistance program. SIRVA will assist you if any questions should arise in regard to this process.

Equity Advance

In the event you require a portion of your equity for a down payment or closing on your new home, provided you will close your home through SIRVA's home sale assistance program, SIRVA will advance up to a maximum of 80 percent of your estimated equity based on the bona fide outside offer less the following:

- Any estimated unpaid balances on all mortgages, equity lines of credit, liens, assessments, or other encumbrances.
- One-year's property taxes.
- One month's mortgage payment for each mortgage or equity line.

Contact your Relocation Counselor to request an advance. SIRVA will send you a Promissory Note stating the amount advanced. The Promissory Note must be signed by you and all owners of record and returned to SIRVA prior to advancing any funds. The advance is non-interest bearing prior to its due date. The amount advanced will be repaid to SIRVA as a deduction from your final equity payment. Equity advances generally require 7-14 days to process. The Promissory Note amount must be paid back in the event the relocation is not completed. All equity advance(s) must be repaid/reconciled within six months of being issued.

Vacating the Property

In the event you are unable to vacate the property at the time of closing with SIRVA, the home may be leased back to you during the approximate three day period prior to closing with an outside buyer, at a minimum per diem of \$50. A \$500 security deposit will be withheld from the net proceeds and will be returned after SIRVA inspects the home following the vacate date. Under the lease, you would be responsible for utilities, general maintenance and insurance on household goods through the date of vacating and/or transfer of possession to SIRVA. The Relocation Counselor will provide instructions for transferring utilities, keys, etc.

Obligations in the Contract of Sale with SIRVA

Your obligation to SIRVA with regard to the condition of the home at closing will be similar to that which would occur in the sale to any other buyer. In fact, in the event that SIRVA sells the property and incurs any expenses, costs, or liabilities with regard to a condition of the property that existed at the date of the closing with SIRVA, you may be held responsible for those items.

Bona Fide Offer Definition

A bona fide offer generally includes the following requirements:

- The purchase price represents fair market value at the time of closing.
- The buyer is financially qualified and capable of purchasing the property utilizing common and ordinary terms, conditions, and contingencies (which may not include a contingency for the sale of the buyer's property) and which will be contingent on favorable results of inspections, if any, and the closing date cannot be beyond 60 days.
- The property satisfies generally accepted and applicable industry criteria for a mortgage loan at standard market rates as determined by a reputable institutional lender (e.g. a bank, savings bank or mortgage company authorized to conduct business in the area). Generally accepted and applicable industry criteria for mortgage loans shall include loans eligible for repurchase under guidelines established by organizations such as "Fannie Mae" and "Freddie Mac." The availability of financing by a particular lender such as a local portfolio lender or other non standard lending arrangement does not constitute generally accepted and applicable industry criteria for a mortgage loan.

Home Sale Assistance through SIRVA Tax Impact

If you sell your home through SIRVA's Home Sale Assistance program, expenses incurred are not considered additional compensation to you; therefore tax assistance (gross-up) is not applicable.

Independent Sale

Packing and Partial Unpacking of Goods The Company will cover a full pack of your household goods. Please allow the movers to pack all of your goods. You will be asked to check items off the mover's inventory to ensure all items arrived. Items can be repositioned upon request.

Inventory List Read the inventory list prepared by the movers very carefully before you sign the document. You will want to be sure it is accurate and includes all goods intended for shipment. When your goods arrive, you or a responsible family member must be present to check off every item brought into your home.

Damaged Goods If you discover any damage to your goods, set the damaged goods and container aside and immediately notify your Relocation Counselor for directions on how to file a claim. The moving company will provide you with the proper claim forms and procedures. Cost consideration is not given for sentimental value you may have for your item(s).

Storage In-Transit If you must vacate your previous residence before you have procured permanent housing at the new location, the Company will pay for storage costs of household goods for up to 60 days. Storage costs are figured on a daily basis.

Although storage is provided, the Company recommends that you attempt to coordinate the shipment to be transported directly from your old home to your new home to avoid excessive handling of your household goods. The Company does not cover the cost of accessing items that have been placed in storage.

Your mover will designate an agent to arrange storage of your goods. Make sure you obtain the name, address, and telephone number of the warehouse where your goods will be stored.

The costs of damage to your goods due to acts of nature (hurricanes, tornados, etc.) are not covered.

Automobiles The Company will provide, through SIRVA, shipment of up to two automobiles if the distance to the destination location is greater than 400 miles. The automobiles must be in working order and their value must exceed the cost of shipping. Insurance coverage will be provided on your automobiles. If the mile restriction is met, one automobile may be shipped in advance for use during the temporary housing period.

TAX LIABILITY ASSISTANCE

Benefit Description	<p>The Internal Revenue Service (IRS) considers all relocation reimbursements made by the Company to you or on your behalf, "compensation for services" and will be taxable income to you. If the IRS "criteria" for moving has been met, the cost for the shipment of household goods, storage-in-transit for up to 30 days, and travel to the new location (excluding meals and mileage over the IRS excludable rate) will be considered "moving expenses" and therefore excludable from your W2 income. Taxable relocation reimbursements or payments made on your behalf will be included in your income for the year in which the payment was made or recorded. Therefore, if some of your expenses carry over into the following year, those expenses will be included in your W2 income the following year. Generally, reimbursements processed in December will be recorded in the following calendar year due to reporting timing restraints. You are solely responsible for maintaining all records and receipts necessary to claim allowable federal (and where applicable, state and local) income tax deductions.</p>
Internal Revenue Service Regulations	<p>The Revenue Reconciliation Act of 1993 resulted in a number of changes in how moving expenses are to be treated and which of those expenses will continue to be tax deductible.</p> <p>To begin with, the following criteria must be met:</p> <ul style="list-style-type: none">▪ The commute from your departure residence to the new work place must be at least 50 miles farther than the commute from your departure residence to the old place of work by the shortest, most commonly traveled route.▪ You must be employed full time for 39 weeks. The 39 weeks must occur during a 12-month period that begins when you arrive at the new location. This requirement is waived in case of death, disability, involuntary termination or retransfer at the Company's request.▪ Except for some circumstances that involve your ability to move your family to the new location, the requirement calls for expenses to be incurred within one year of arrival in the general area of the new job location.▪ Any expense that you incur must be "reasonable" in nature to be deductible. Expenses that are excessive will not be deductible.▪ The move itself must be related to either continuing work at a new job location or starting a new job at a new location.
Definition of Moving Expenses	<p>After the above criteria have been met, the IRS recognizes the following as "moving expenses."</p> <ul style="list-style-type: none">▪ Costs related to the movement of household goods and personal effects from the former residence to the new residence.▪ The cost of transportation (mileage is limited to the current IRS rate) and lodging for you and your family during the final move from the former residence to the new residence. <p>Payment of these "moving expenses," either directly or through reimbursement from the Company, will be excluded from your reported income.</p> <p>Other moving expenses that are either reimbursed or paid directly by the Company will be reported as taxable income. These expenses may include such items as:</p> <ul style="list-style-type: none">▪ Reimbursement for meals, lodging, transportation and other expenses that occur while house hunting, traveling, or residing in temporary housing.▪ Reimbursement or direct payment by the Company for expenses relating to the purchase of a new residence.▪ Reimbursement for expenses relating to the sale of the departure residence when you do not accept or were not eligible for the Home Sale Assistance program.▪ The payment of charges that are by law or custom the responsibility of the Seller (such as a transfer tax) even when such charges are paid as part of the home sale program (check with your personal tax advisor).
Tax Gross-up	<p>Unless otherwise indicated in this policy, the Company will pay the estimated federal, state, local and FICA tax liability (gross-up) that arises from the taxable, but generally not deductible, portion of Company-reimbursed expenses associated with a Company-requested relocation. Taxable expenses which are generally deductible, such as the loan origination charge/discount point on a new home loan, will be subject to only a FICA gross-up and, where appropriate, a state income tax gross-up. The estimated tax liability (including tax on the tax, or full gross-up) will take into consideration your marital status, number of dependents, and your Company earned income (annual salary).</p> <p>The amount of tax gross-up will be remitted by the Company directly to the appropriate revenue agency and reported as withheld taxes on your W-2 Wage and Tax Statement.</p> <p>The determination of whether an item is or is not deductible by you on your individual income tax return is a personal decision you must make. The way that an item is treated by the Company for purposes of income tax withholding does not constitute tax advice and you should consult a personal tax advisor.</p> <p>Note: Taxable expenses are those that are considered taxable income and therefore included in your income and subject to Federal, State, FICA, Medicare and Local taxes. Deductible expenses are those that are included in your taxable income for which you are entitled to claim a federal or state tax deduction. Excludable expenses are those moving expenses or reimbursements that the IRS considers non-taxable. These amounts are not included in your taxable income.</p>
Section 409A of the Internal Revenue Code of 1986	<p>To the extent any reimbursements or in-kind benefits under this Policy constitute "non-qualified deferred compensation" for purposes of Section 409A of the Internal Revenue Code of 1986, as amended, (i) all such expenses or other reimbursements under this Policy shall be made on or prior to the last day of the taxable year following the taxable year in which such expenses were incurred by you, (ii) any right to reimbursement or in-kind benefits is not subject to liquidation or exchange for another benefit, and (iii) no such reimbursement, expenses eligible for reimbursement or in-kind benefits provided in any taxable year shall in any way affect the expenses eligible for reimbursement, or in-kind benefits to be provided, in any other taxable year.</p>

Gross-Up Table

EXPENSE MANAGEMENT

Expense Management Process

The Company will assist with relocation expenses in the following ways:

- Pay service providers directly for the relocation assistance that you receive.
- Reimburse you for acceptable expenses that you have previously paid.
- Provide a per diem for meals during the home finding trip(s) and final trip.

Eligible expense reimbursements should be submitted through SIRVA's MoveOurHome Web site. Submit your relocation expense report online at www.moveourhome.com. Your Relocation Counselor will provide additional instructions regarding the use of this site.

The following are important factors related to the MoveOurHome Web site:

- After you have submitted your expenses online, print out the On-line Submittal Form.
- Match your actual receipts against it. Receipts (originals) are required for all reimbursable expenses.
- Attach all of the receipts to the On-line Submittal Form and mail it to the address provided on the front page within 30 days of incurring the expense.
- If you wish to expedite payment, you may simultaneously fax copies of your receipts to SIRVA's Client Finance Department.

The On-line Submittal Form will be received by SIRVA's Client Finance Department. After SIRVA receives the form, the expenses will be checked for accuracy and consistency with the Company's Policy. Under no circumstances should relocation expenses be submitted through the normal business expense process. Funds will be deposited directly to an account (through ACH) designated by you unless you notify your SIRVA Relocation Counselor of an alternate deposit process.

The Company understands that everyone may not have access to a computer and the Internet. In this event, while it is not preferable, you may request a SIRVA Relocation Expense Reporting Form from your Relocation Counselor, attach all receipts, and submit for reimbursement via mail.

If at any time you are unsure whether or not an expense is reasonable in nature, appropriate and/or eligible for reimbursement under this Policy, you should contact SIRVA prior to incurring the expense.

Provisions

It is important to remember:

- Relocation expenses must be separate and distinct from business expenses. During the period in which relocation expenses are incurred, regular business (travel and entertainment) must not be reported with relocation expenses. You must submit those expenses through the normal business expense process.
- You must complete the expense process, taking care to include a complete address/location. Omission of this data can slow your reimbursement.
- You cannot use your Company credit card for relocation expenses.
- Credit card statements cannot be used in lieu of receipts.
- You should keep records and receipts of all your expenses, whether they are reimbursable under this Policy or not, as this will assist in the completion of your federal and state tax returns at year-end.

Use of the Company's direct ticket billing, travel system, or expense-reporting system is strictly prohibited for relocation expenses.

Per Diems

Per diems will be provided to assist with daily expenses for meals during the home finding trip, and the final trip to the destination location. The Company will provide a per diem of \$35 per family member age 13 and older and \$15 per family member age 12 and under. To receive monies for per diems, enter each family member's name, the amounts, and the appropriate number of days when submitting for expenses. Receipts do not need to be submitted when per diems are provided.

 - Rental applications

 - Coach or economy class fare with a Saturday night stay

Securing a New Lease

In order to avoid any future penalties to either you or the Company, a transfer clause should be inserted into any lease that you sign at the new location. The following clause is recommended:

"In the event the renter is transferred, or decides to purchase or build a home during the term of this lease, this lease may be terminated upon thirty (30) days written notice to landlord with no penalty to renter. Renter will provide a copy of the employer's relocation authorization."

Reimbursable Lease Acquisition Fees The Company will reimburse lease acquisition fees (i.e., application fees and credit check fees) up to a maximum of \$300, when you secure a new lease if it is a customary charge for the area.

Reimbursable Lease Cancellation Fees The Company will reimburse lease cancellation penalty fees up to a maximum amount equal to two months' rent if you rented your primary residence at the departure location and a lease cancellation charge is unavoidable. No reimbursement will be made for forfeiture of a lease deposit as a result of negligence by you or for penalties arising from damage repair, painting, or cleaning costs.

In cases where you share an apartment with someone other than a spouse/domestic partner, the fee will be reimbursed on a prorated basis. Your name must be on the lease in order to be eligible for reimbursement.

You should not discuss the Company's lease cancellation reimbursement policy with the landlord.

Reimbursement Process

To receive reimbursement, the following are required:

- Documentation from your landlord detailing charges due to obtaining the new lease.
- Copy of the lease and/or a letter, receipts and/or cleared checks, from your landlord detailing the terms and conditions of early termination of your lease.
- Verification of rental amount (from copy of old lease or letter from landlord).
- Documentation stating when the 30-day notice for breaking the lease was given (your letter to landlord).

Tax Impact

All Rental Assistance reimbursements and costs covered by the Company will be reported as additional compensation. The Company will provide tax assistance (gross-up).

SIRVA will shop rates and programs through its multi-lender approach to find the most competitive rate for your mortgage loan.</p>
No Closing Cost Mortgage with SIRVA Mortgage	<p>Non-recurring closing costs normally paid by you when purchasing a new home are eliminated through this Policy. Included in your Policy is a no closing cost loan program, which is provided to the Company by SIRVA in conjunction with SIRVA Mortgage. Policy requirements include that:</p> <ul style="list-style-type: none">▪ You must be a homeowner in the departure location and sell your home through SIRVA's Home Sale Assistance program.▪ The residence purchased must be the permanent residence of you and your family.▪ The home purchased cannot be a mobile home or boat.▪ You must be responsible for recurring costs such as prepaid interest, real estate taxes, and private mortgage insurance (PMI).
Lender Other Than SIRVA Mortgage	<p>If you choose not to participate in the no closing cost loan program, you will receive reimbursement of normal and customary non-recurring closing costs, and these costs will be grossed up. In order to receive reimbursement, you must include appropriate documentation (e.g., a copy of the final signed settlement statement).</p>
Normal and Customary Non-Recurring Closing Costs	<p>Typically, the following items are considered to be normal and customary non-recurring closing costs:</p> <ul style="list-style-type: none">▪ A loan origination charge which includes a loan origination fee up to one percent of the mortgage amount and lender fees (application fees, underwriting fee, processing fee, etc., capped at \$525)▪ Normal and customary title services fee.▪ Normal and customary escrow or closing fees charged by the title company and/or lender to close the sale. This does not include items such as taxes and insurance that must be paid in advance into escrow accounts.▪ Normal and customary attorneys' fees. <p>The Company will not pay for a charge made by a lending agency as inducement for it to take a mortgage or participate in buydown points or a loan discount rate. Any additional seller's costs that you agree to will be at your own expense.</p>
General Home Inspection	<p>A general home inspection, appropriate for the area and age of the home, will be recommended by your Relocation Counselor to help you assess the prospective home's overall condition. The Company will cover the cost of this inspection up to \$500.</p>
New Construction	<p>In some areas, it is customary for buyers to incur closing expenses in connection with a building or construction loan. These costs will not be reimbursed. You may obtain a no closing cost mortgage after the completion of your home as end-loan financing. End-loan financing is the final mortgage loan to the ultimate purchaser of a property, as opposed to a construction loan or other form of interim financing. The transaction must be completed within one-year of your transfer or start date. If you choose not to use SIRVA Mortgage for your financing you will not be reimbursed for end-loan financing.</p>
Reimbursement Process	<p>If you participate in the no closing cost loan program, reimbursement of closing costs is not applicable. If you have chosen to find a lender on your own, reimbursable home purchase costs accompanied by appropriate documentation (copy of the signed HUD-1 Settlement Statement) must be submitted through SIRVA's MoveOurHome Web site.</p>
Tax Impact	<p>Tax assistance (gross-up) is not applicable if you participate in the no closing cost loan program through SIRVA Mortgage.</p> <p>If you elect to choose a lender on your own and closing costs are reimbursed, the costs will be reported as additional compensation. The Company will provide tax assistance (gross-up), however in most states, full gross-up is not necessary for loan origination charge/discount point reimbursement as the sum is subject only to FICA taxes. Medicare and social security (if applicable) gross-up will be provided on the origination fee reimbursement.</p> <p>The general home inspection will be reported as additional compensation. The Company will provide tax assistance (gross-up).</p>

HOME MARKETING AND HOME SALE ASSISTANCE

Confidential information—absolutely may not be distributed or used without the prior written consent of SIRVA Relocation LLC.

Benefit Description

The Home Sale Assistance program is designed to provide professional assistance to secure a sale on your home in the shortest period of time, at a fair market value, and with the least amount of inconvenience. In addition, the process provides the most favorable tax treatment to both you and the Company. The steps that will occur are different from a typical real estate transaction. Your Relocation Counselor will explain the process and provide all necessary information regarding the home sale program and will be your advocate throughout your move.

To qualify for Home Sale Assistance, your name must appear in the title to the property and it must be your principal residence at the time of the transfer. In addition:

If any inspection discloses a significant problem, SIRVA reserves the right to exclude the home from the Home Sale Assistance program. In such event, you may be eligible for direct reimbursement of certain home selling expenses.

Real Estate Agent Selection and Market Analysis	<p>The Relocation Counselor will select two real estate agents who have a documented record of successfully selling homes in the immediate neighborhood and within the general price range of the home. These real estate agents will independently inspect the home and complete a Broker's Market Analysis (BMA) to establish the Most Probable (likely) Sales Price.</p> <p>You, members of your immediate family or other Company employees may not directly or indirectly benefit financially from the fees that the Company pays for services or other costs related to your relocation. It is for that reason that the Company will not reimburse you, an immediate family member, another relative of the employee, or another Company employee (or his/her spouse/domestic partner) for any fees for services performed as a real estate agent or broker for the sale of your primary residence.</p> <p>If you have a real estate agent you would like to recommend, it is important that you do not contact that agent. Instead, let the Relocation Counselor know who the agent is and where the agent can be reached. The Relocation Counselor will then contact the agent to obtain their credentials and, if qualifications are acceptable, will select that agent as one of the agents to prepare and present a marketing plan.</p> <p>The brokers will send the completed BMAs to the Relocation Counselor who will review the results for thoroughness, accuracy, and logic of conclusions. Once the Relocation Counselor approves of the BMAs, the Most Probable (likely) Sales Prices listed on the BMAs are averaged together and the home will be listed at no more than 105 percent of this average. If the Most Probable (likely) Sales Prices are not within five percent, a third analysis will be ordered. The two closest Most Probable (likely) Sales Prices will be averaged together and the home will be listed at no more than 105 percent of this average. The Relocation Counselor will then review the results with you, at which time you and SIRVA shall agree to proceed with the Option to Purchase.</p>
Option to Purchase	<p>You will enter into an Option to Purchase with SIRVA instead of listing your home under your name. This agreement enables SIRVA to list the property in SIRVA's name, facilitate the move and defray many relocation costs. Once the property is listed for sale, SIRVA will pay you a small monetary consideration as determined by SIRVA ("option payment") for your signing the Option to Purchase. Upon the sale of the home to SIRVA, the option payment will be credited to the purchase price. The option will last for six months and is renewable at the end of that period of time with your consent. During this option period SIRVA will expose the home to the marketplace. Most typically, the home will be listed with a real estate agent by SIRVA who will, through exposure to the public, determine what a buyer will pay at arm's length for the home. The Option to Purchase must be executed and returned to SIRVA prior to proceeding with the program.</p>
Seller's Disclosure Statement and Title Report	<p>You will be responsible for complying with all federal, state and local disclosure requirements associated with the sale of your home. This includes the completion of all real estate disclosure forms that may be required. Along with the Option to Purchase, you will be given a SIRVA Seller's Disclosure Statement for execution. This document must be executed prior to proceeding with the program.</p> <p>Additionally, SIRVA will order a title report on the home and advise you of the results. In the event the title report indicates a cloud on title, you will be responsible for properly clearing title before selling the home to SIRVA. SIRVA may be able to assist you in clearing clouds on title. A cloud on title is defined as any outstanding claim, lien, encumbrance, document or condition usually revealed by a title search which impairs the title and the marketability of a property.</p>
Listing the Property	<p>The choice of the listing agent and the price at which the home is listed are subjects that the Relocation Counselor will discuss with you. Although SIRVA will list the home for sale (if that is mutually desired) your input with regard to the agent and the list price will be given great consideration by the Relocation Counselor. The home will be listed at a price not to exceed 105 percent of the average of the Most Probable (likely) Sales Prices as determined from the Broker Market Analyses.</p> <p>Setting a proper and realistic list price is crucial to the success of selling a home in a reasonable period of time and for the highest possible price. The determination of the initial list price is based on a number of factors such as location, competition, the condition of the property, and the time of year the home is listed. Over-listing a home only benefits the competition, generally extends the marketing time of the property, and may result in a lower final sales price than if the property had been marketed more realistically from the start.</p>
Marketing Strategy	<p>Your Relocation Counselor will discuss the best strategy for marketing the home, suggesting any repairs, maintenance, and/or decorating that you may want to do to maximize the home's value and expedite the marketing process. The Company will not reimburse these costs.</p>
Exposure of the Home to the Marketplace	<p>SIRVA will be responsible for marketing the home, generally by listing the home with a real estate agent. Your Relocation Counselor will monitor all sales activity on the property to ensure that all of the best marketing procedures are being used for maximum exposure to the marketplace. Your Relocation Counselor and the real estate agent will keep you informed of all activity and feedback on the house during the marketing process.</p>
Inspections	<p>In general, SIRVA does not order nor pay for inspections on your home although inspections may be ordered and paid by an outside buyer to assist in determining if he/she should purchase your home. If there is a reason to believe inspections are necessary on your home in order to determine if the home is eligible for the home sale program, SIRVA will order and pay for inspections including but not limited to, a general home, pest, and well and septic, if applicable. If any additional inspections such as EIFS, structural, hardboard siding, etc. are required as a result of the general inspection or SIRVA's due diligence, you may be responsible for those inspection costs. SIRVA follows the Worldwide Employee Relocation Council's (ERC) Statement of Use: Relocation Property Assessment that identify structural, safety and inoperable items, regardless of local/state codes. All final reports must be satisfactory.</p> <p>You will be solely responsible for rectifying or repairing any adverse items that appear in any inspections obtained prior to closing with SIRVA. Your Relocation Counselor will discuss with you all aspects so you can make an informed decision.</p>
Offer to Purchase	<p>At the point that SIRVA believes it has established fair market value based on a bona fide outside offer, the Relocation Counselor will notify you of the amount of the offer. If you agree that the amount constitutes fair market value, SIRVA will exercise its Option to Purchase at that amount. You may decide that the amount being offered is not sufficient for fair market value. In that event, SIRVA will continue the exposure of the home to the marketplace in order to determine whether there is a more accurate definition of fair market value.</p>

Closing the Sale

Once SIRVA has exercised the Option to Purchase, a closing will be scheduled with you approximately three days prior to closing with the outside buyer. You will be responsible for all costs and risks associated with the home up to and including the date of closing with SIRVA. These include but are not limited to: pro-rations for taxes, interest on the mortgage, utilities, homeowner's insurance, agreed upon repairs required from any inspections, and any other costs associated with the ownership of the home. After the date of the closing, SIRVA will be responsible for all of those items regarding the home.

If after all contingencies of the sale of your home to SIRVA have been met and the property remains eligible for the relocation program, and the sale of the home to the outside buyer falls through, the Contract of Sale between you and SIRVA will still be honored.

At the closing between SIRVA and you, SIRVA will provide a Promissory Note for the amount of equity due to you as set forth in the Contract of Sale. You will receive the final net proceeds (the equity) in the property within approximately 10 business days from the date of the Promissory Note. Net proceeds are defined as the sales price of the home minus liens, mortgages, appropriate pro-rations, and less any equity advance already received by you. As provided in the Contract of Sale, there are no real estate commissions or other standard closing costs that will be deducted from the proceeds.

If the mortgage company submits funds to you that were previously paid by SIRVA (i.e. escrow payments or additional interest payments), you must immediately return the funds to SIRVA or they will revert to a loan, requiring interest and a payroll deduction.

You are responsible for disclosing all known conditions and defects of the property. If you fail to disclose, you may be responsible for all costs incurred by SIRVA as a result of the non-disclosure.

IMPORTANT NOTE: At the closing with you, SIRVA does not actually take title to your home or pay off your mortgage. Instead, SIRVA takes full responsibility for making your mortgage payments, and ultimately paying off the mortgage when a sale between SIRVA and an outside buyer closes. Until a sale between SIRVA and an outside buyer closes, the title and mortgage remain in your name and will continue to appear on your credit report. SIRVA assumes all responsibility for the care and maintenance of the home once you close with SIRVA under the provisions of the Home Sale Assistance program. SIRVA will assist you if any questions should arise in regard to this process.

Equity Advance

In the event you require a portion of your equity for a down payment or closing on your new home, provided you will close your home through SIRVA's home sale assistance program, SIRVA will advance up to a maximum of 80 percent of your estimated equity based on the bona fide outside offer less the following:

- Any estimated unpaid balances on all mortgages, equity lines of credit, liens, assessments, or other encumbrances.
- One-year's property taxes.
- One month's mortgage payment for each mortgage or equity line.

Contact your Relocation Counselor to request an advance. SIRVA will send you a Promissory Note stating the amount advanced. The Promissory Note must be signed by you and all owners of record and returned to SIRVA prior to advancing any funds. The advance is non-interest bearing prior to its due date. The amount advanced will be repaid to SIRVA as a deduction from your final equity payment. Equity advances generally require 7-14 days to process. The Promissory Note amount must be paid back in the event the relocation is not completed. All equity advance(s) must be repaid/reconciled within six months of being issued.

Vacating the Property

In the event you are unable to vacate the property at the time of closing with SIRVA, the home may be leased back to you during the approximate three day period prior to closing with an outside buyer, at a minimum per diem of \$50. A \$500 security deposit will be withheld from the net proceeds and will be returned after SIRVA inspects the home following the vacate date. Under the lease, you would be responsible for utilities, general maintenance and insurance on household goods through the date of vacating and/or transfer of possession to SIRVA. The Relocation Counselor will provide instructions for transferring utilities, keys, etc.

Obligations in the Contract of Sale with SIRVA

Your obligation to SIRVA with regard to the condition of the home at closing will be similar to that which would occur in the sale to any other buyer. In fact, in the event that SIRVA sells the property and incurs any expenses, costs, or liabilities with regard to a condition of the property that existed at the date of the closing with SIRVA, you may be held responsible for those items.

Bona Fide Offer Definition

A bona fide offer generally includes the following requirements:

- The purchase price represents fair market value at the time of closing.
- The buyer is financially qualified and capable of purchasing the property utilizing common and ordinary terms, conditions, and contingencies (which may not include a contingency for the sale of the buyer's property) and which will be contingent on favorable results of inspections, if any, and the closing date cannot be beyond 60 days.
- The property satisfies generally accepted and applicable industry criteria for a mortgage loan at standard market rates as determined by a reputable institutional lender (e.g. a bank, savings bank or mortgage company authorized to conduct business in the area). Generally accepted and applicable industry criteria for mortgage loans shall include loans eligible for repurchase under guidelines established by organizations such as "Fannie Mae" and "Freddie Mac." The availability of financing by a particular lender such as a local portfolio lender or other non standard lending arrangement does not constitute generally accepted and applicable industry criteria for a mortgage loan.

Home Sale Assistance through SIRVA Tax Impact

If you sell your home through SIRVA's Home Sale Assistance program, expenses incurred are not considered additional compensation to you; therefore tax assistance (gross-up) is not applicable.

However if you elect the Independent Sale option, you will be eligible to receive reimbursement of normal and customary home sale closing costs, including:

The Home Sale Incentive Bonus will be processed by SIRVA once you have a bona fide offer and the contract has been fully executed and guaranteed by SIRVA.

Packing and Partial Unpacking of Goods The Company will cover a full pack of your household goods. Please allow the movers to pack all of your goods. You will be asked to check items off the mover's inventory to ensure all items arrived. Items can be repositioned upon request.

Inventory List Read the inventory list prepared by the movers very carefully before you sign the document. You will want to be sure it is accurate and includes all goods intended for shipment. When your goods arrive, you or a responsible family member must be present to check off every item brought into your home.

Damaged Goods If you discover any damage to your goods, set the damaged goods and container aside and immediately notify your Relocation Counselor for directions on how to file a claim. The moving company will provide you with the proper claim forms and procedures. Cost consideration is not given for sentimental value you may have for your item(s).

Storage In-Transit If you must vacate your previous residence before you have procured permanent housing at the new location, the Company will pay for storage costs of household goods for up to 60 days. Storage costs are figured on a daily basis.

Although storage is provided, the Company recommends that you attempt to coordinate the shipment to be transported directly from your old home to your new home to avoid excessive handling of your household goods. The Company does not cover the cost of accessing items that have been placed in storage.

Your mover will designate an agent to arrange storage of your goods. Make sure you obtain the name, address, and telephone number of the warehouse where your goods will be stored.

The costs of damage to your goods due to acts of nature (hurricanes, tornados, etc.) are not covered.

Automobiles The Company will provide, through SIRVA, shipment of up to two automobiles if the distance to the destination location is greater than 400 miles. The automobiles must be in working order and their value must exceed the cost of shipping. Insurance coverage will be provided on your automobiles. If the mile restriction is met, one automobile may be shipped in advance for use during the temporary housing period.

If the distance is less than 400 miles or you choose to drive to the destination location, the Company will reimburse mileage based on the current Company reimbursement rate. See the *Final Trip to the Destination Location*. The Company covers up to a total of two automobiles, whether by shipping (if eligible) or mileage reimbursement, or a combination of the two.

TAX LIABILITY ASSISTANCE

Benefit Description	<p>The Internal Revenue Service (IRS) considers all relocation reimbursements made by the Company to you or on your behalf, "compensation for services" and will be taxable income to you. If the IRS "criteria" for moving has been met, the cost for the shipment of household goods, storage-in-transit for up to 30 days, and travel to the new location (excluding meals and mileage over the IRS excludable rate) will be considered "moving expenses" and therefore excludable from your W2 income. Taxable relocation reimbursements or payments made on your behalf will be included in your income for the year in which the payment was made or recorded. Therefore, if some of your expenses carry over into the following year, those expenses will be included in your W2 income the following year. Generally, reimbursements processed in December will be recorded in the following calendar year due to reporting timing restraints. You are solely responsible for maintaining all records and receipts necessary to claim allowable federal (and where applicable, state and local) income tax deductions.</p>
Internal Revenue Service Regulations	<p>The Revenue Reconciliation Act of 1993 resulted in a number of changes in how moving expenses are to be treated and which of those expenses will continue to be tax deductible.</p> <p>To begin with, the following criteria must be met:</p> <ul style="list-style-type: none">▪ The commute from your departure residence to the new work place must be at least 50 miles farther than the commute from your departure residence to the old place of work by the shortest, most commonly traveled route.▪ You must be employed full time for 39 weeks. The 39 weeks must occur during a 12-month period that begins when you arrive at the new location. This requirement is waived in case of death, disability, involuntary termination or retransfer at the Company's request.▪ Except for some circumstances that involve your ability to move your family to the new location, the requirement calls for expenses to be incurred within one year of arrival in the general area of the new job location.▪ Any expense that you incur must be "reasonable" in nature to be deductible. Expenses that are excessive will not be deductible.▪ The move itself must be related to either continuing work at a new job location or starting a new job at a new location.
Definition of Moving Expenses	<p>After the above criteria have been met, the IRS recognizes the following as "moving expenses."</p> <ul style="list-style-type: none">▪ Costs related to the movement of household goods and personal effects from the former residence to the new residence.▪ The cost of transportation (mileage is limited to the current IRS rate) and lodging for you and your family during the final move from the former residence to the new residence. <p>Payment of these "moving expenses," either directly or through reimbursement from the Company, will be excluded from your reported income.</p> <p>Other moving expenses that are either reimbursed or paid directly by the Company will be reported as taxable income. These expenses may include such items as:</p> <ul style="list-style-type: none">▪ Reimbursement for meals, lodging, transportation and other expenses that occur while house hunting, traveling, or residing in temporary housing.▪ Reimbursement or direct payment by the Company for expenses relating to the purchase of a new residence.▪ Reimbursement for expenses relating to the sale of the departure residence when you do not accept or were not eligible for the Home Sale Assistance program.▪ The payment of charges that are by law or custom the responsibility of the Seller (such as a transfer tax) even when such charges are paid as part of the home sale program (check with your personal tax advisor).
Tax Gross-up	<p>Unless otherwise indicated in this policy, the Company will pay the estimated federal, state, local and FICA tax liability (gross-up) that arises from the taxable, but generally not deductible, portion of Company-reimbursed expenses associated with a Company-requested relocation. Taxable expenses which are generally deductible, such as the loan origination charge/discount point on a new home loan, will be subject to only a FICA gross-up and, where appropriate, a state income tax gross-up. The estimated tax liability (including tax on the tax, or full gross-up) will take into consideration your marital status, number of dependents, and your Company earned income (annual salary).</p> <p>The amount of tax gross-up will be remitted by the Company directly to the appropriate revenue agency and reported as withheld taxes on your W-2 Wage and Tax Statement.</p> <p>The determination of whether an item is or is not deductible by you on your individual income tax return is a personal decision you must make. The way that an item is treated by the Company for purposes of income tax withholding does not constitute tax advice and you should consult a personal tax advisor.</p> <p>Note: Taxable expenses are those that are considered taxable income and therefore included in your income and subject to Federal, State, FICA, Medicare and Local taxes. Deductible expenses are those that are included in your taxable income for which you are entitled to claim a federal or state tax deduction. Excludable expenses are those moving expenses or reimbursements that the IRS considers non-taxable. These amounts are not included in your taxable income.</p>

Section 409A of the Internal Revenue Code of 1986

To the extent any reimbursements or in-kind benefits under this Policy constitute "non-qualified deferred compensation" for purposes of Section 409A of the Internal Revenue Code of 1986, as amended, (i) all such expenses or other reimbursements under this Policy shall be made on or prior to the last day of the taxable year following the taxable year in which such expenses were incurred by you, (ii) any right to reimbursement or in-kind benefits is not subject to liquidation or exchange for another benefit, and (iii) no such reimbursement, expenses eligible for reimbursement or in-kind benefits provided in any taxable year shall in any way affect the expenses eligible for reimbursement, or in-kind benefits to be provided, in any other taxable year.
